Markers (optional)

OBJECTIVES

During this lesson, the student(s) will:

- Recognize the purpose of participation in Roads to Success in Grade 12.
- Set goals for the year, including identifying current career goals, postsecondary options, and next steps.

OVERVIEW

In this lesson, students are introduced to Roads to Success culture, course requirements, grading system, and classroom procedures. Students review lesson topics for Grade 12, and consider what's needed to pave the way for their post-high school plans.

PREPARATION

- List the day's **BIG IDEA** and activities on the board.
- Write the day's vocabulary word and definition on the board.
- The following handouts need to be made into overhead transparencies or copied onto chart paper:
 - **Facilitator Resource 1, Where Am I Going?**
 - **Facilitator Resource 2, Name Tent Directions (optional)**
 - **Student Handbook page 3, Grade 12 Lessons**
 - **Portfolio pages 1-2, Senior Year Road Map**
- Create procedures for storing and distributing binders, entering and exiting the classroom, and submitting and returning assignments. Be prepared to discuss each policy with the students.
- If you'll be using Roads to Success binders and storing them in the classroom, you may want to pre-label the binders for your students. One facilitator used the computer to print out labels for the spines. Each class got a different color label, and names were big enough to be read across the room. (This made it possible to take attendance by noting which binders were unclaimed.)
- Discuss the Roads to Success grading policy with your school administrator. Some schools choose to offer the class pass/fail, providing a separate grade on the report card. Others choose to include Roads to Success participation as part of the grade in another class.
- Meet with your school counselor to discuss Roads to Success plans for the year. Share a copy of **Facilitator Resource 1, Where Are You Going?** and **Portfolio pages 1-2, Senior Year Road Map**. Determine how to combine efforts so programs complement each other. Some areas to

consider:

- Identify students who lack career and college plans and may need extra guidance.
- Track student completion of the SAT/ACT, college applications, the FAFSA, etc.
- Provide financial aid information to parents.
- Arrange for small-group instruction for students who need to catch up on college and career research covered last year.

☐ Make copies of the following, and create packets for students interested in further independent research:

- **Facilitator Resource 3, Career Research** (includes the following Grade 11 materials: **Career Research, RUPrepareND.com Directions, Interest Profiler and Basic Skills Survey Results, Career Summary & Tasks, and Evaluating Top Career Choices.**) Note that RUPrepareND.com is an online career and college exploration tool available to all students in North Dakota.
- **Facilitator Resource 4, College Research** (includes the following: **RUPrepareND.com School Finder Directions, School Finder College Search Steps, List of Top Ten Schools, My Top Ten Schools, and Top Ten School Tips.**)

BACKGROUND INFORMATION

“Why am I here?” and “What is expected of me?” Over the course of this lesson and the next, students should be able to answer these questions for themselves. These lessons should pique student interest in the program and establish basic expectations, rules, and procedures.

Note that while Roads to Success students have researched careers and colleges in previous grades, many may still need coaching re: career and college choice. These topics have not been included in Grade 12 due to lack of time. Selected 11th-grade materials have been included at the end of this lesson for those students who need additional information. (See **PREPARATION** and **IMPLEMENTATION OPTIONS** for details.)

VOCABULARY

Portfolio: A record of accomplishments and achievements, including samples of best work. In Roads to Success, career and college research and job-hunting tools (like resumes) that will be useful from one year to the next.

Match School: A school where you think you'd be happy academically and socially, and where you fall into the middle of their GPA and ACT/SAT score range.

Reach School: A top choice or “dream” school that is less likely to accept you because it is highly competitive and/or because your academics are just equal to, or fall short of, the school’s requirements.

Safety School: A school where you’ll almost surely be accepted because your grades and exam scores are higher than the requirements.

IMPLEMENTATION OPTIONS

If you choose to use the DO NOW option for your classes, you will need to explain your expectations for this activity. Here is an example of what you could say:

“We are going to begin every class with a DO NOW. As soon as you walk in you will need to look at the _____. [This could be the board, chart paper or the overhead projector. Pick the spot that will be the easiest for you to implement.] It will be in this spot every class. You will need to write your answers on a _____. [This could be an index card, blank sheet of paper, or Student Handbook page. If you are providing the paper/index card, you will need to tell your students where it will be in class or if you will be passing it out.] At the beginning of each class, you will have ____ [probably around three] minutes to complete this assignment. I will be collecting it every class. [If you decide to do that.] Are there any questions?”

If you are a guest teacher or don’t know your students well, you may wish to have them create name tents for use until you know their names. Give each student a 4 X 6-inch index card. Place the instructions for the name tents on the overhead or write them on a large piece of chart

paper. (See **Facilitator Resource 2, Name Tent Directions.**)

For **Activity III, Step 4, Senior Scenarios:** You may wish to have students come up with their own scenarios or issues they're concerned about, then find the lessons where these issues will be addressed.

Activity IV, Step 5: If you have a significant number of students who are still undecided about career or college choices, you may wish to schedule small-group tutorials to guide them in this task. Student materials are included in **Facilitator Resource 3, Career Research,** and **Facilitator Resource 4, College Research.** Facilitator instructions for completing this research can be found in Grade 11, **Careers 1: Interest Inventory, Careers 2: My Career Research, Education After High School 5: Choosing a College,** and **Education After High School 6: College Research I.**

You may wish to begin this lesson with props or a PowerPoint to reinforce the idea that students are approaching the end of high school. This could be a video clip of last year's graduation, complete with inspiring music, or the wearing or displaying of college paraphernalia. The goal should be to get students excited about the preparation they're about to undertake to reach their postsecondary goals.

ACTIVITY STEPS

I. Warm Up (5 minutes)

1. [Place a copy of **Facilitator Resource 1, Where Am I Going?** on each desk before students enter the room. Give students five minutes to complete the page, and collect the assignment using the procedure you'd like students to follow for the rest of the year.]
2. **SAY SOMETHING LIKE:** Welcome back! This is it — senior year — you're almost to the finish line! Take a look at the clock. If all of your schooling, grades 1 through 12, were represented by an hour on the clock, you'd have only five minutes to go.

Some of you may be feeling nostalgic, thinking of all the things you'll be doing for the last time this year. Some may be eager to leave. This class, *Roads to Success*, is designed to help you prepare for and make the transition to whatever you have planned for the year after high school. As you can see, we don't have a minute to waste. Let's get started.

II. Procedures and Policies (10 minutes)

1. [Discuss the following with your students:
 - once-weekly meeting place and time
 - procedures for distributing and returning binders, collecting and returning assignments, entering and exiting the classroom
 - description of how the grade for the class will be determined and reported (pass/fail as a separate item on the report card or incorporated into a subject-area grade)]
 - 2. [If you're planning on beginning each class with a Do Now activity, discuss your expectations as described in **IMPLEMENTATION OPTIONS**.]
 - 3. [Distribute student binders according to the procedure you've established, and have students turn to **Student Handbook page 1, Roads to Success Overview**. Ask students to read this page to find a description of out-of-class requirements and use of portfolios. Call on a volunteer to explain each.]

III. How Will I Get There? (15 minutes)

1. **SAY SOMETHING LIKE:** That's how this class will operate. Let's talk about the subjects we'll cover.

By a show of hands, how many of you already know what career you'll be pursuing after high school?

2. [Have students volunteer their chosen professions, and create a class list of a dozen or so. A student recorder can write these on chart paper, each followed by the initials of the person who contributed the career.]
3. **SAY SOMETHING LIKE:** This is our list of your aspirations for the year after high school. Those who didn't have a chance to put your careers on the list should add them on the way into class next week. You should feel free to change these as the year goes by. This list should be a working document that helps us keep track of what you're aiming for. It is the job of this class to see that you get there.

You'll notice that the list is varied – from careers that require more than four years of college to those that require on-the-job training. In order for everybody to have the information they'll need, we'll cover topics from applying to college to finding a job.

This will require you to stay focused even when the topic being discussed is not in your immediate plans. Chances are good that you'll learn something you can put to use later, and your classmates will appreciate your help and attention. They'll return the favor when we discuss the topics that you're most interested in.

4. [Distribute binders, and have students turn to **Student Handbook page 2, Senior Scenarios**. Display a copy of **Student Handbook page 3, Grade 12 Lessons**, using the overhead projector, laptop and LCD projector, or chart paper.]

SAY SOMETHING LIKE: This is a list of topics we'll be covering in Grade 12, organized by units. Your assignment is to locate the lessons where each concern, including your own suggested topics, will be addressed, then write the name of the lesson in the box at the right. Note that you won't find a lesson to address every concern. Please put a question mark by those where you can't find a match, and we'll talk about them in just a moment.

[If you think your students will have difficulty with this assignment, work through the first example as a class.]

3. [When students have finished, ask students to name the concerns that seem to be missing a corresponding lesson. (The second item, in which the student is uncertain

about good colleges to attend, and the last item, in which the student is uncertain about a suitable career.) Each of these topics was addressed in depth in earlier grades, but it's likely that many students remain undecided. Let students know you'll provide resources for students who need help in these areas. See **IMPLEMENTATION OPTIONS.**]

IV. Where Am I Now? (15 minutes)

1. [Have students turn to **Portfolio pages 1-2, Senior Year Road Map**, and display a copy of the first page. Ask a volunteer to explain the significance of Roads to Success Portfolio pages. (See **VOCABULARY.**)]

SAY SOMETHING LIKE: This year, you'll find the portfolio pages useful for tracking your college applications and job-hunting activities. These first two pages list the important Roads to Success requirements, and provide resources in case you want to return to these topics outside of class. You'll notice that the first two columns ask for career and college plans, topics we explored in the 11th grade.

2. [Review the education options in the lower left corner, and discuss what's meant by reach, match, and safety schools.]
3. **SAY SOMETHING LIKE:** The rest of the boxes will help you track progress on 12th grade material that is new this year. Each of you will learn how to complete a college application and apply for financial aid. We'll also discuss the most effective ways to find a job you'll love — in time for students who'll be going to work right after graduation and those of you who'll be looking for summer jobs. We'll create a budget for the year following graduation, which will hopefully keep unpleasant surprises to a minimum. Finally, we'll read tips from the experts on how to succeed in college and at work.
4. **SAY SOMETHING LIKE:** Those of you who have a clear idea of the career you're aiming for and where you want to go to school should complete the two boxes on the left, and the top box in the middle. You'll be listing up to three career choices, the education you're planning on pursuing, and the colleges where you want to apply. Those who are still undecided should take time to do this research outside of class in the next few weeks.
5. [Students who need to do further research may return to their Grade 11 portfolios, if available, or may work on fresh copies you provide. Distribute copies of **Facilitator**

- Resource 3, Career Research,** and **Facilitator Resource 4, College Research,** to students who need to do further career and college research on their own. Set a goal of creating a list of schools to apply to — at least one reach, one match, and one safety — four weeks from today.]
6. [Let students know that next week they'll be checking their transcripts to make sure they're on track to graduate, finding out about the differences between high school and postsecondary education, and creating a calendar of important deadlines for their senior year.

Thank students for their work and emphasize how excited you are about the coming year. If time permits, ask for volunteers to describe something they're looking forward to learning in RTS this year.]

Where Am I Going?

Directions: Where would you like to be next year at this time? Answer the following questions to explain your plans.

1. Describe your career plans.
2. What education will you pursue to attain this career? Where would you like to go to school or get further training?
3. What questions or concerns do you have about how to prepare?

Name Tent Directions:

You will have TWO minutes to complete the tasks below.

Welcome to Roads to Success!

- Fold the card you were given at the door, in half, length-wise (like a tall book).
- Write your name on one side with the opening at the bottom. Make sure to use **large, dark letters** so that your name can be seen clearly.
- Write **one career** you are considering on the back of the card.
- On the inside of the tent, write one question you have about how to get into college or apply for a job.
- Then place your card on your desk with the name side facing away from you.

- Turn on the computer.
- Click on the icon that connects to the Internet (Internet Explorer, Mozilla Firefox, etc.).
- Type the web address into the dialog box (RUReadyND.com).
- When the RUReadyND.com home page appears enter your account name and password, then select Sign In.

II. Creating an Account (First Time Users)

- If your students have not created an account on RUReadyND.com before, take them through the account creation sequence found in the Account Creation PDF on the RUReadyND.com Roads to Success page.

III. Interest Profiler

- Now, click on the **Career Planning** tab at the top of the page, then select **Learn About Yourself**.
- Click on the Interest Profiler, and then click Get Started.
- Read each of the questions to yourself and consider whether you would enjoy this activity. Answer Like, Not Sure, or Dislike.
- The Interest Profiler will select Your Top Interest Areas based on the interests you've described. You must select two to get a list of careers.
- Click on **View Careers** to see the careers that match up with your interest areas.
- Using your results from the Interest Profiler, complete **Portfolio page 1, Interest Profiler and Basic Skills Survey Results**.

IV. Basic Skills Survey

- Now, click on the **Career Planning** tab at the top of the screen, then select **Learn About Yourself**.
- Click on the Basic Skills Survey.
- Read all of the directions, and then click Get Started.
- Read each skill carefully and check off all of the skills you believe you are able to demonstrate now or that you believe you will be able to demonstrate by the time you enter the world of work.
- Look over the chart that reflects your basic skill levels. Then, click on Review Matching Careers.
- Review the list of careers that match your basic skills. Careers that are the best match for your skills will appear first on the list.
- To see how closely your skills match the skills needed for a particular career, click **Compare Your Skills** in the column labeled Matching Skills.

- Using the results from the Basic Skills Survey, complete part II of **Portfolio page 1, Interest Profiler and Basic Skills Survey Results.**

V. Career Finder

- Now, click on the **Career Planning** tab at the top of the screen, and then click on **Explore Careers.** Under the section titled Career Exploration Tools, click on the **Career Finder.**
- To combine the results of the Interest Profiler and the Basic Skills Survey, first look for the section labeled Skills on the left side of the screen, and then click on the **Basic Skills** link.
- Click **Use Basic Skills Survey Results.** You'll find this link in the blue box in the upper right corner of the screen.
- Now click on **Interests** under the heading My Characteristics.
- Click **Use Interest Profiler Results.** You'll find this link in the blue box in the upper right corner of the screen.
- Scroll to the bottom of the screen and click **See Your Matching Careers.** The list that appears will take both your basic skills and your interests into account.
- You can use the Career Finder to narrow your search further by choosing additional criteria from the left side of the screen. This will help you to focus your career search.
- Using your Career Finder results, complete **Part III of Portfolio Page 1, Interest Profiler and Basic Skills Survey Results.**

- Click on the icon that connects to the Internet (Internet Explorer, Mozilla Firefox, etc.).
- Type the web address into the dialog box (RUPrepareND.com).
- When the RUPrepareND.com home page appears enter your account name and password, then select Sign In.

2. SCHOOL FINDER

- Now, click on the **College Planning** tab at the top of the screen, and then click on **Explore Schools**. Under the section called School Exploration Tools, select **School Finder**.
- Select criteria that are important to you from beneath each of the eight headings. The seven headings are: Key Facts, Admissions, Costs and Financial Aid, Academics, Sports, Student Body, Campus Life and Services, and Career Connect.
- In today's lesson, you will be using the following criteria:
 - ♦ **Location** (found under the Key Facts heading): You can check off as many locations as you want. You may wish to select certain states, like North Dakota, or you may wish to choose an entire region, like the West. If you choose many states or a region, you are likely to get a larger number of college matches than you will if you choose a single state.
 - ♦ **School Type** (found under the Key Facts heading): Click on School Type. If you want to go to a technical or trade school, check the box next to Vocational or Technical programs. If you want to go to a two-year college, check the box next to Associate degree programs, and if you want to go to a four-year college, check the box next to

Bachelor's degree programs.

- ♦ Select any other criteria under Key Facts that are important to you and check off your selections.
- ♦ **GPA** (found under the Admissions heading): Click on GPA. Choose the GPA range that your own GPA falls within.

Remember the scale:

4.0 = A

3.0 = B

2.0 = C

1.0 = D

- ♦ Select any other criteria under Admissions that are important to you.
- ♦ **Costs and Financial Aid:** Although you can select from any of the listed criteria, you might not want to limit your school search based on costs at this stage. Financial aid may put expensive schools within your reach. It's a good strategy to apply to several schools that vary in cost, so that if you don't get the financial aid you'd planned on, you have a less expensive plan B.
- ♦ **Programs/Majors** (found under the Academics heading): Click the Show Programs button next to your favorite Career Cluster or Clusters. Check the box next to any programs that you are interested in. At the bottom of the page, make sure you select Search for ANY. This will search for schools that offer at least one of your majors.
- ♦ Now, choose any of the other criteria from the list that are important to you. Remember, the more criteria you choose, the shorter, or more focused, your list will tend to be.

3. SAVING SEARCHES

- When you are finished selecting your criteria, scroll to the bottom of the criteria list.
- The last item says Save your current search as: Enter a name for this search in the box below, and then click on **Save your current search as:**
- Now this search is saved and you will be able to access it at any time from your portfolio. You can also create new searches at any time.

4. YOUR RESULTS

- Access your list of schools by clicking on **See Your Matching Schools**. This is found at the bottom of each page. Alternatively, you can click on the name that you saved your search under in the Saved Searches box.
- A list of schools matching your criteria will appear.
- Print your list of schools by clicking **Print This** in the upper right corner of the page, or record your top 10 school choices on **Portfolio page 12, List of Top Ten Schools**. If there are schools that interest you that were not in your results, feel free to add them to your list. At least five schools need to come from your School Finder results.
- Turn to Portfolio pages 13-22, My Top Ten Schools. Instruct students to record the name of each college along with the info listed under the general info box (top left). The information in this box can be found within each school profile. Students will need to click the tabs on the left side of the page to find the information.
- Whenever you sign into RUReadyND.com, you can click on **College Planning**, and then on **Explore Postsecondary Schools**. If you click on **School Finder**, you will see a list of any searches that you have saved in the box on the right labeled, Saved Searches. Just click on the name of any search, and your schools will come up.

Roads to Success Overview

Your Mission

The focus of Roads to Success in Grade 12 is clear: preparation for reaching your goals after high school.

Your Grade

Roads to Success will be graded on a pass/fail basis, or will be counted toward a subject-area grade. To pass, you must:

- Complete in-class assignments.
- Abide by Roads to Success rules and procedures.
- Complete steps needed to enter college or find a job:
 - Personal essay
 - College application
 - Resume
 - Cover letter
 - Free Application for Federal Student Aid (FAFSA)
 - “Freshman Year” budget

Homework will not be given in most Roads to Success classes. However, students are expected to spend time outside of class researching colleges and careers, and creating the documents needed to find a job.

Your Portfolio

The Portfolio section of your student handbook is your personal record of careers you explore, colleges you investigate, and tools you can use to look for jobs or apply to college. In Grade 12, you'll use your portfolio for job-related documents, like a resume and cover letter, and education-planning documents, like tracking college applications. Your completed portfolio is yours to take with you when you graduate from high school.

Senior Scenarios

In the 12th grade, Roads to Success focuses on the specific steps you'll take to reach your career and education goals. Whether you're feeling panicked or purposeful, there are things you need to know to launch yourself into life after graduation. Below, you'll find descriptions of senior-year concerns. For each, find a lesson that addresses it, and write the lesson's name in the box to the right. (NOTE: if a concern is not addressed in the lessons, write a question mark.)

Concern	Roads to Success lesson that addresses this
I know exactly where I want to go to school, but I'm not sure what I need to do to apply. Help!	
I'm completely overwhelmed. I've heard about a few of the state colleges, but I've got no idea where I'd fit in. I'd rather not think about it right now.	
I can't wait to be out of school and getting a regular paycheck. How do I find a job that takes advantage of the skills I already have?	
How do I know if I'm ready for college?	
I'll be the first in my family to go to college. My parents are excited for me, but they say they have no money to pay for it. Now what?	
I can't wait to live on my own, and I'm wondering if I can afford it. I'll have to pay rent, buy food, maybe get a car. What else?	
How is college different from high school, and how will I manage all the work?	
I already have a solid plan for getting a job when I graduate. How can I make sure I succeed once I get there?	
I'm not sure what I want to do when I graduate. I'm excited about music and theater, but my parents want me to find something where I can "earn a living."
